

**WE ARE HERE  
TO HELP**

## **Supporting Councils in Disaster Recovery and COVID-19**

At LGP, we understand the severity of the recent bushfires, the ongoing drought and evolving nature of the current coronavirus outbreak COVID-19.

We announced our Disaster Recovery Program commitment in the March LGP News [click here](#). To our latest challenge, COVID19. Following the advice of the Federal and NSW Government we have put in place measures to contribute to the slowing of the spread of COVID-19, whilst ensuring we continue to operate in these very difficult times.

### **We are here to help**

If your council procurement team is lacking resources because of the recent bushfires, the ongoing drought and/or COVID-19, we have developed a range of new support services to provide. Our [Business Development Managers](#) can talk to you about what we can do.

### **We are staying connected**

We have a flexible and scalable ability for our teams to work remotely. From our Microsoft Licencing contract, we are using Microsoft Teams for online and video collaboration. The LGP ICT Panel Contract (LGP115) has a variety of providers who can deliver video collaboration solutions to support all meetings council needs to conduct over the coming weeks during isolation.

We are keen to stay connected and continue to progress the myriad of projects we have with our clients to ensure minimal disruption during these trying times.

### **We are responsible corporate citizens**

In line with the Government's approach to social distancing and to help slow the spread of COVID-19, we are moving LGP events, training and meetings until the end of May 2020 to a virtual setting, such as webinars or video conferencing.

All of us here at LGP hope you and your families stay healthy in the weeks and months ahead. We are available and ready to connect with you to support you as best we can.

Thank you

### **Luke Kenny**
