

Course	Advanced Contracting in Local Government
Course outline	<p>This course covers the advanced aspects of contracting in local government sector; from inception until closure of the contract. To get the desired outcomes from the contracts, it is crucial that the contract framework is understood well, and a management plan is in place. Focussing on contractor relationship, ensuring best performance from them and managing disputes and variations as required are critical for the success of a contract.</p> <p>The activities, case studies and the examples shared by the skilled facilitator during the session will augment the overall learning experience.</p>
Target audience	Any staff who is involved in procurement and or contract management in a local government context.
Pre-requisite	To gain the best outcome from this course, it is expected that either you have attended LGP course "Contracting in Local Government- The Essentials or already have a good understanding of the basics of contracting.
